

## Access ramps

*The access ramp facilitates the access to the rooms with floor mounted without withdrawn.*

### Characteristics

Its aluminum structure does it a light accessory : it can be easily shifted for routine maintenance and cleaning.

Its reinforced aluminum sheet authorizes the passage of the carriages and offers a non-skid surface.

This access ramp answers the constraints of the veterinary services.

### Dimensions

Height mm	Lenght mm	Width mm
120	1000	1200
120	1000	1600
160	1000	1200
160	1000	1600
210	1000	1200
210	1000	1600
